Applicant: Chang
Appl. No.: 10/552,029
Filing Date: October 18, 2006
Title: COMPOSITION AND METHOD FOR SUPPORTING CANCER TREATMENT
Attorney Docket No.: 09541.0001
Pub. No.: 2007/0166404 A1
Pub. Date: July 19, 2007

This is a decision on the request for corrected of patent application publication under 37 CFR 1.221(b), received on September 18, 2007, for the above-identified application.

The request is granted.

The corrected patent application publication will be published in due course, unless the patent issues before the application is republished.

It would greatly benefit the Office if the request for corrected publication pointed out what was printed incorrectly in the application, where the error occurs in the publication and where the correct text or drawing is found in the application papers. Marked up relevant copies of the applications papers and the pre-grant publication may facilitate processing of the request, where it is not readily apparent where the error occurs. If it is not clear why the error is a material error, further explanation may be warranted

Inquiries relating to this matter may be directed to Mark O. Polutta at (571) 272-7709.
